MLIDWC
PO Box 460
Maple Lake MN, MN 55358

Dear Residents of the Lake - Maple:

Maple Lake Improvement District W.C. has contracted PLM Lake and Land Management to treat Aquatic Invasive Species on our Maple Lakes in 2018.

The Minnesota Department of Natural Resources has granted the Maple Lake Improvement District W.C. a permit, originally based on a required waiver to obtain the signatures of approval from owners of lake shore property. Instead, the Maple Lake Improvement District W.C. will notify property owners of the treatment through alternate form[s]. This letter is one form that the MLIDWC is using to notify property owners. Other forms [may] include notification on the association web page, local news publications, and during the annual meetings.

With regards to the treatment for this year, 2018:

1. The proposed timing for treatment: **June-August**
2. The target species for the treatment: **Eurasian Water Milfoil**
3. The method of control or product being used: **MNDNR Approved Aquatic Herbicide**
4. If landowner does NOT want treatment to occur adjacent to the landowner's property:
fill out the form below and notify Mike Raiche immediately at the following:
